Dear Students

Music plays an important part in our school life. The shuffling of feet, the clanging of locker doors, Mr. Brown, and even the juke box in the cafeteria make music for our school. The clubs, the classes, the parties, and the sports all work in harmony to produce one masterpiece--GRAHAM.

Dedication

James Jones

Beatrice Richardson

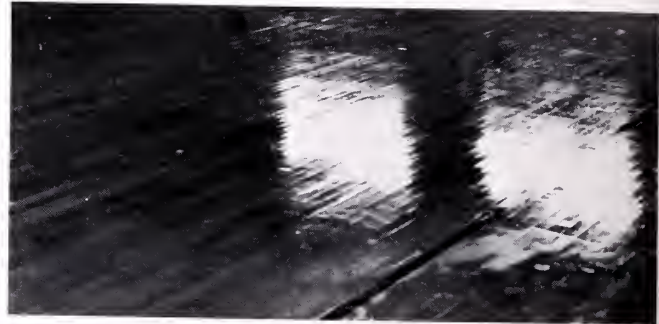

We take great pleasure in dedicating the 1964 GRAHAM to two persons whose jobs are concerned with music in the true sense of the word--Mrs. Beatrice Richardson, director of the choir, and Mr. James Jones, director of the band. The lives of many students are richer and finer from having been associated with these musicians.

Silently the empty halls await the thundering herd of students.

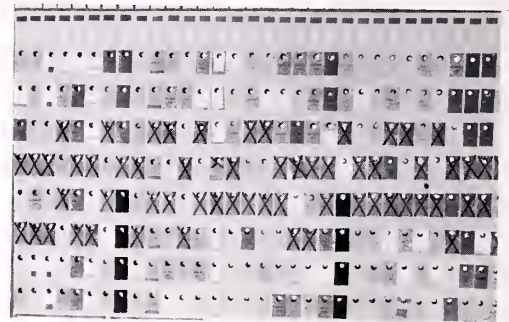

The sun shines through the gym windows on a polished but deserted floor.

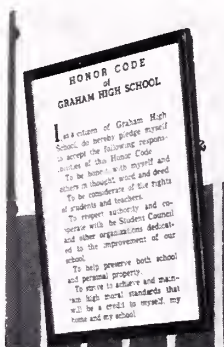

No Students—No Music

Forsaken temporarily by everyone, the salt and pepper shakers in the cafeteria wait to be used.

Schedules and classes are all planned. All we need now is a few students.

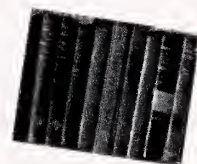

The honor code hangs unnoticed in the eerie silence.

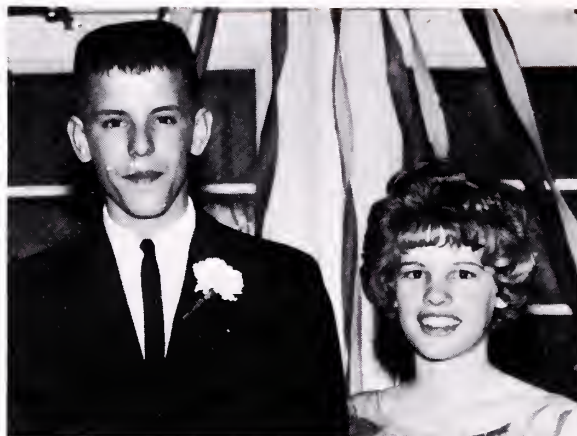

The melancholy ticking of the clock falls on the deaf ears of an empty school.

MISS TEENETTE
Miss Jimmie Gay Ball and her escort David Bowers.

MISS G.H.S. DANCE
One of the most enjoyable of the school activities, this dance is held in March.

INITIATION
Not all of the spring activities are dances. A very impressive ceremony is the initiation of members into the National Honor Society.

UNDERCLASSMEN ONLY!
Only eighth and ninth grades are permitted to attend this dance sponsored by the Teenettes and the ninth grade Y-Teens.

Spring

"LITTLE PRISON"

Strange things become known when an elevator stops between floors. Zella Moore, Rachel Horton, Sue Tuell, Martha Stashien, Jennifer Gibson, and Lizzie Metcalfe had parts.

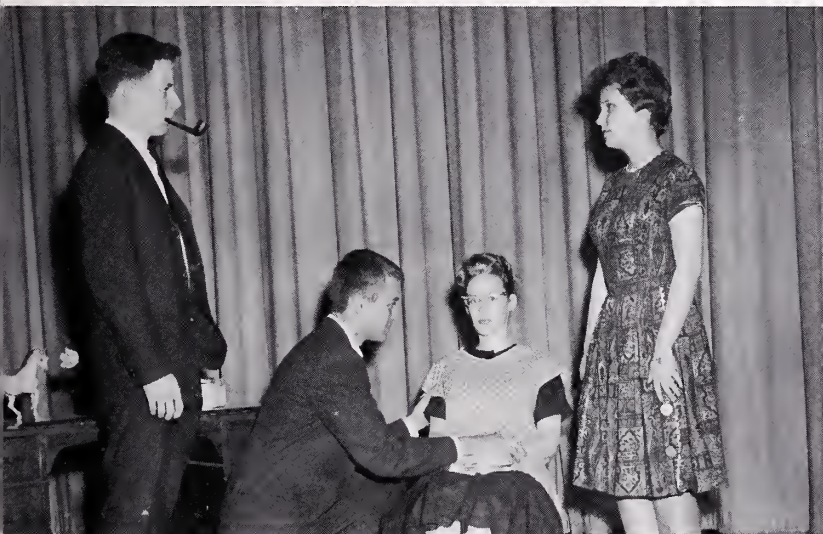

FESTIVAL BOUND!

"Patterns" was chosen as Graham's entry in the Play Festival at Charlottesville.

Bill Bailey, Greg Earls, Kathy Metcalfe, and Judy Waggoner were accompanied by their director, Mrs. Virginia Garwood.

"WHICH WAY TO BOSTON"

This play gave Lane Austin, Ward Goodwin, Sandra Hughes, and Carole Blevins an opportunity to show their talent.

BEHIND THE SCENES

Never seen, never heard, but very important.

SENIORS IN WASHINGTON

There's harmony in geometric figures. Mrs. Brown certainly seems to be in tune with her class.

Music

Art

Mrs. Webb helps these art students appreciate and reproduce beauty in color and form.

English

In literature Mrs. Hughes opens the eyes of her students to the rhythm of the poetry of the masters. (Should we say "ears"?)

Biology

A field trip on a lovely autumn day! Who wouldn't feel like singing?

Speech

The class really gets a laugh from Larry Brooks' impersonations.

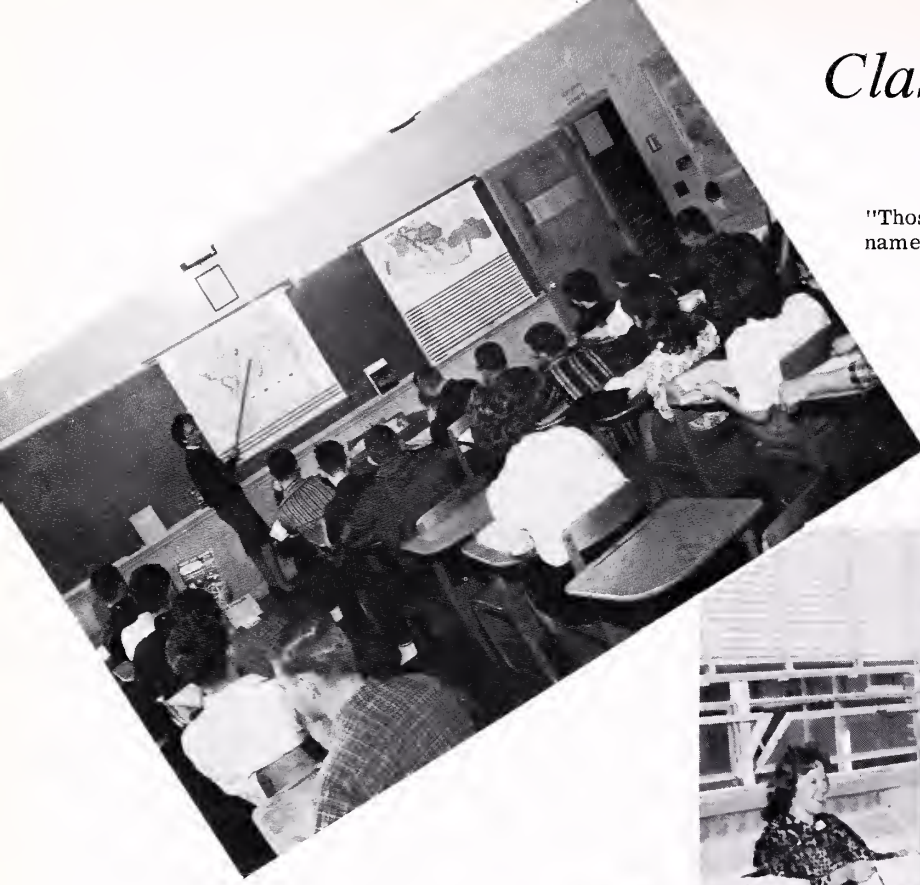

Classroom Music

Geography

"Those far away places with strange sounding names" become real in Mrs. Willis' class.

Home Economics

With all the modern equipment the old fashioned broom still has its place these girls find.

Home Economics

"Color, design, and fine workmanship go into the creation of lovely clothes," Mrs. Barnett tells her students.

Our Helpers

Mr. Leffel, Mr. Warner, and Mr. Dunford are our custodians. They are always working hard to keep our school in "tip top" shape.

Mrs. Leffel and Mrs. Walker supply us with nourishing, hot meals every day. The clanging of their pots and pans is music to our ears.

These are our bus drivers. Those above are Jerry Kidd, Donnie Asbury, Mr. Salyers, and Mr. Dowdy. Mr. Shrader, Charles Salyers, and Wiley Shrader are not pictured.

Opportunities Like
Edison had are

WAITING
FOR
YOU

The inventions of Thomas Edison have affected the lives of people everywhere. They have created entire industries — ours, for example.

Under America's Free Enterprise system, inventive people like Edison can expect special compensations — profit, honor and satisfaction.

The hope of attaining such rewards has been one of our nation's greatest incentives to progress. It is a goal that prods imaginative minds in their quests for new products and methods.

Not everyone can be a Thomas Edison. However, every trained, dedicated graduate can anticipate a full measure of our society's rewards. All it takes is a willingness to work harder and contribute more.
